Exhaust Insulation

# HEATSHIELD ARMOR™ KITS

Protect your interior, mufflers, and exhaust system components with one of the toughest kits on the market with our Heatshield Armor™ exhaust heat shield kit. This heavy-duty set includes everything you need to install hot pipe insulation within minutes and comes in several varying thicknesses for everything from regular driving to racing applications. Our heavy-duty Heatshield Armor™ exhaust heat shield kit is designed for the most extreme heat with a 4 mil thick armor layer that can easily be cleaned after installation and is resistant to the elements for a longer lifespan. In fact, this thick armor layer can reduce radiant heat by 70%!

The inner bio-soluble silica insulation allows this automotive heat shield to withstand up to 1800°F continuous and 2200°F intermittent—making this flexible shield ideal for using directly on headers, turbo manifolds, downpipes, mufflers, genset, exhaust pipes, and DPf (depending on your state regulations). For forced induction and racing, we recommend our thicker 0.5" Heatshield Armor™.

This complete exhaust heat shield kit also comes with our heavy-duty 5/16-inch wide Thermal-Tie™ or HP Power Anchor system so you can easily secure the shield to your exhaust system components. Along with detailed instructions, this kit includes everything you need to insulate the hottest parts of your car exhaust for a cooler and smoother drive.

## FEATURES:

- **1800°F** CONTINUOUS **2200°F** INTERMITTENT
- 25% stronger than fiberglass wraps
- 4 mil thick aluminum layer
- Warranty friendly - allows pipes to breathe
- Water resistant and rugged
- Made in the USA

PART NO.	DESCRIPTION
171003	1/4 thk x 12 in x 3 ft w/ 4 ties
171005	1/4 thk x 12 in x 5 ft w/ 6 ties
171103	1/4 thk x 8 in x 3 ft w/ 8 anchors
171104	1/4 thk x 8 in x 5 ft w/ 12 anchors
176001	1/2 thk x 12 in x 3 ft w/ 4 ties
176005	1/2 thk x 12 in x 5 ft w/ 6 ties
176010	1/2 thk x 15 in x 40 in w/ 6 ties
176101	1/2 thk x 8 in x 3 ft w/ 8 anchors
176105	1/2 thk x 8 in x 5 ft w/ 12 anchors
