Heat Shield Sleeving

LAVA™ HOT ROD SLEEVE

Lava™ Hot Rod Sleeve can prevent vapor lock and prevent cables and hoses from melting. These sleeves provide the best of both worlds... the flexibility of our Hot Rod Sleeve and the strength of our Lava™ rock fiber.

The special braid allows it to have an expandable inside diameter up to 15%! Easy to cut with a sharp utility knife or a sharp pair of scissors.

Now includes 4 heat shrinks to seal the ends of the to the cable, tube or hose it is protecting so you can prevent heat from getting trapped between the sleeve and the component.

FEATURES:

1200°F CONTINUOUS **2000°F** INTERMITTENT

- Volcanic rock fiber naturally chemical and acid resistant
- Works on terminals and AN connectors
- Protects components from overheating
- Made in the USA

PART NO.	DESCRIPTION
207002	Lava Hot Rod 1/4 in id x 10 ft
207004	Lava Hot Rod 3/8 in id x 10 ft
207006	Lava Hot Rod 1/2 in id x 10 ft
207008	Lava Hot Rod 3/4 in id x 10 ft
207010	Lava Hot Rod 1 in id x 10 ft
207012	Lava Hot Rod 1-1/2 in id x 10 ft
